

NOTRE DAME ACADEMY

Educating Women to Make a Difference

May 15, 2009

To Whom It May Concern:

"Notre Dame Academy has had the privilege of working with Jay Bayer from Bayer Becker since beginning our expansion project in 2007. Bayer Becker has provided professional advice and service throughout the project. In particular, Jay and team have assisted NDA in efforts to restore our campus to its natural beauty through numerous green initiatives, including design of a rain garden, wetland and extended detention basin. This collaborative effort has enabled NDA to become a major influence in promoting ecology throughout Northern Kentucky."

Sincerely,

Sr. Mary Shauna Bankemper, SND
President
Notre Dame Academy
